Mayors for Peace

1. Outline
In August 1945, single atomic bombs dropped on the cities of Hiroshima and Nagasaki instantly reduced them to rubble, taking more than 210,000 precious lives. With more than 75 years since the bombings, many survivors (hibakusha) still suffer from the physical and emotional aftereffects of radiation. To spread throughout the world the hibakusha’s ardent wish symbolized in the message that “no one should ever suffer as we have”, and to ensure it is passed on to future generations, Hiroshima and Nagasaki remain steadfast in our assertion to the world that nuclear weapons are inhumane and continue to call for their abolition.

On June 24, 1982, at the 2nd UN Special Session on Disarmament held at the UN Headquarters in New York, then Mayor Takeshi Araki of Hiroshima called for cities throughout the world to transcend national borders and join in solidarity to work together to press for nuclear abolition. Subsequently, the Cities of Hiroshima and Nagasaki established “The World Conference of Mayors for Peace through Inter-city Solidarity” (now, Mayors for Peace), composed of mayors around the world who formally expressed support for this call. In 1991, the organization was registered as a NGO in Special Consultative Status with the UN Economic and Social Council (ECOSOC).

*On August 5, 2001, the organization changed its name from “The World Conference of Mayors for Peace through Inter-city Solidarity” to “Mayors for Peace”.

2. Mission
The purposes of the “Mayors for Peace” are to contribute to the attainment of lasting world peace by arousing concern among citizens of the world for the total abolition of nuclear weapons through close solidarity among member cities as well as by striving to solve vital problems for the human race such as starvation and poverty, the plight of refugees, human rights abuses, and environmental degradation.

2020 Vision has been terminated at the end of the year 2020.
The new Vision and new Action Plan are to be developed and adopted at the 10th General Conference of Mayors for Peace, which was postponed due to the COVID-19 pandemic, and is now planned to be held around August 2021.
The current Action Plan (2017-2020), based on the 2020 Vision, will temporarily remain effective until the General Conference is to be held, and initiatives and activities based on the current Action Plan continue to be implemented.

1) Outline

Based on this vision, Mayors for Peace is globally promoting various initiatives aimed at the abolition of nuclear weapons, forging links with member cities, citizens, NGOs and other organizations around the world.
