summer study course**

**Made by:
Nikita V. Piskunov, Elena F. Parubochaya
Volgograd State University**

Round table **“Public diplomacy in the modern world: youth in the peacemaking process and international cooperation”** (2017/10/26)

International forum “Dialogue on Volga: peace and mutual understanding in the XX century” (November, 2017)

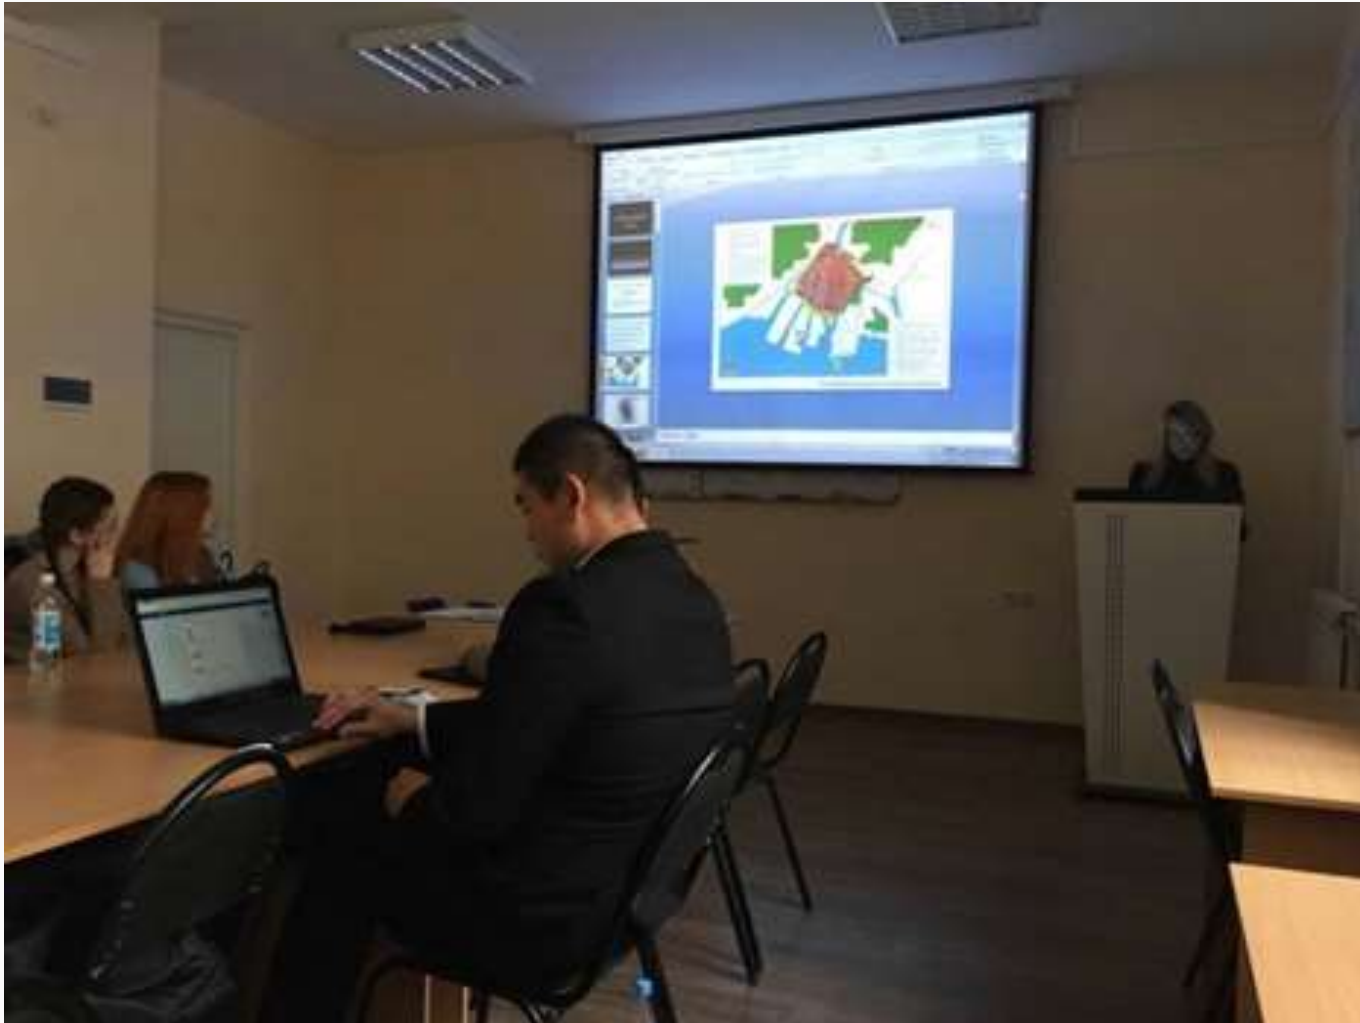

In the work of the scientific forum “Dialogue on Volga” took part different specialists of international relations issues from different parts of the world. It is very important to say that they discussed different point of the modern international relations and international security.

They concluded that all mankind should construct friendly relations and make all efforts to stop and abolish nuclear weapon. Nikita V. Piskunov participated in the work of forum’s section “Diplomacy of municipalities: mechanisms and forms of interaction”.

During his presentation he told about the importance of keeping historical memory about the tragedy in Hiroshima, victims of A-bombing to make people thing about the consequences of such awful inhuman action.

Assembly of Volgograd State University International Discussion Club (2017/15/11)

Workshop: **“What does Peace mean to you?”** (October, 2017)

During the work of the assembly of the International Discussion Club students discussed different point of peacemaking construction process and tried to find exit for good direction of this development. Particularly, associated professor Elena F. Parubochaya and teaching assistant Nikita V. Piskunov told about their work experience in Hiroshima in the programs of “Mayors For Peace” and the ways of development of this experience in the modern Russia to stop and to abolish nuclear weapons.

Students of educational program “International Relations” demonstrated movie about tragedies in Hiroshima and Stalingrad.
