

Questionnaire

Municipality Name: _____
Municipality Head: _____

1. Below are atomic bomb survivor trees (*hibaku* trees) suitable for your city's climate. Please tick which ones your city would like to receive. (Multiple answers allowed)
 - Ginkgo tree (*Ginkgo biloba*)
 - Jujube (*Ziziphus jujube*)
2. Please let us know of a facility or institution* which will accept seeds of the *hibaku* trees (e.g. botanical garden) and a person in charge of nurturing them.

* We would like to ask a professional facility located in a botanical garden or other location to take care of the plants before and after planting them into the ground for the next generations to see.

Facility:

Person in charge of nurturing *hibaku* trees:

Department & Title:

Postal address:

Email address:

3. Please also let us know of the staff member of your municipality who will be in charge of the clerical work surrounding accepting the seeds and their contact information.

Person in charge of clerical work:

Department & title:

Postal address:

Email address:

4. Where would you like us to send the seeds? Please tick the choice of your city.
 - Recipient written in Q2
 - Recipient written in Q3
 - Elsewhere

Recipient's name, department and title:

Facility:

Postal address:

Notes:

- * Shipping fee for the seeds shall be covered by the Secretariat of Mayors for Peace, while the cost for nurturing the seeds shall be borne by each member city. The Secretariat may ask your city to take care of the required quarantine procedure in your country.
- * The work of sprouting seeds and nurturing seedlings should be supervised by an expert or a specialized facility.
- * Please be advised that each city should submit a report on growth of the trees along with their photographs to the Secretariat by email at least once a year.
- * In the event that the trees die, let the Secretariat know and we will send additional seeds.
- * The Secretariat is able to offer an explanatory plate for each tree species when trees are planted in the ground.
