Summary of the meeting	<p>Last 10<sup>th</sup> September, I was invited to the town hall to talk about what I have learned in Hiroshima. I told to the board members of the town council about my experience in the University of Hiroshima and about the privilege of shearing peaceful ideas with young people from around the world. The purpose of the meeting was to:</p> <ul style="list-style-type: none"> <li>· Share my encounter in Hiroshima with the town council and encourage them to keep on with this initiative to make other young people take part in the project.</li> <li>· Share my experience across the city by talking to the local media and writing an article about it.</li> <li>· Make the most of my learning by convening a project with Can Jonch-Culture Center of Peace, schools, and Youth Department involved.</li> </ul> <p>The mayor and the two members of Can Jonch-Culture Center of Peace were very receptive and responded positively to my proposals. We convened a project about historical memory, education for Peace and promotion of public coexistence that would implicate Can Jonch-Culture Center of Peace, some schools, and Youth Department. This project will be defined in the coming months and will take place as part of the activities about peace that the Council is already carrying out, with the purpose of expressing the determination of Hiroshima and its desire of a peaceful world. I firmly believe in the role of the medias to spread the message of peace ; this is why I did some interviews with local media and I wrote an article talking about my experience in Hiroshima.</p>
