

Vision for Peaceful Transformation to a Sustainable World (PX Vision):

Peacebuilding by Cities for Disarmament and Common Security

Objective A: Realize a world without nuclear weapons

With cities and the citizens who live in them being their targets, and catastrophic consequences on a global scale to be inflicted by their use, nuclear weapons are the greatest threat to the safety and security of citizens' lives. We will urge global leaders to effect peace-oriented policy change by calling on the UN and national governments, especially the nuclear-armed states and their allies, to take concrete action for the total elimination of nuclear weapons.

Objective B: Realize safe and resilient cities

In pursuit of ensuring citizens' safety and security, we will strive to address and solve a diverse range of issues distinctive to each member's region that are threatening the coexistence of the human race such as starvation, poverty, the plight of refugees, human rights abuses, and environmental degradation.

Objective C: Promote a culture of peace

We will seek both to create an environment that urges policymakers to demonstrate decisive leadership to effect peace-oriented policy changes that facilitate the abolition of nuclear weapons, and to establish a civil society in which citizens act with a strong sense of solidarity for the realization of peaceful coexistence between the whole of humanity. To that end, we will cultivate peace consciousness and cause a culture of peace—a culture in which the everyday actions of each member of the public are grounded in thinking about peace—to take root in civil society as the foundation of lasting world peace.
